The Most Respected and Admired Fraternity

MESSAGE FROM THE GRAND ALPHA

Chi Phi stands on the cusp of great achievement. As the new Grand Alpha, I am ready to help our fraternity capitalize on unprecedented opportunities. The only question that remains is: Will you join me in making Chi Phi the most respected and admired fraternity? Alumni support is an integral component of

our current and future success. Here is an accounting of the Return on Alumni Investment for the past year:

Membership Growth

Chi Phi achieved a 19% membership growth rate at the same time most national fraternities were declining. Expanding our presence in familiar and new campuses remains a top priority. This year, we have returned to Virginia Tech and the University of Florida and are in the midst of starting a new colony at Winthrop University.

Financial Prudence

This was the fourth year out of five that we

finished with a significant financial surplus. In fact, our national insurance program is so well managed that we actually decreased this year's premiums. Leveraging this strength, we have added two new staff positions to help serve our undergraduates and alumni better.

Proven Leadership

As the recently installed Grand Alpha, I have brought together a strong group of Chi Phi alumni to serve as my Grand Council. Among these men are three suc-

cessful entrepreneurs, a college professor with a J.D. degree and Harvard M.B.A., a former director of the Centers for Disease Control and Prevention, and respected professionals from the legal and engineering fields. We represent chapters from across the country and graduation classes spanning five decades.

Your Role in Chi Phi's Success

I ask you to make an early investment to the Grand Council as we lead our fraternity forward. Together, we will make Chi Phi the most respected and admired fraternity. Whether you choose to donate your time and talents to a local undergraduate chapter or to contribute money to Chi Phi, your support is much appreciated.

SHINING BRIGHT

140th Congress and still

This past June, the 140th Chi Phi Congress convened at the historic Wyndham St. Anthony Hotel in San Antonio, Texas, for a weekend of work, fun, and reflection. This year's Congress was one of the most highly attended in Chi Phi's history with alumni and undergraduate delegates attending from all corners of the nation representing over fifty Chapters and Colonies.

The success of this year's Chi Phi Congress, no doubt, was heavily influenced by its location in the beautiful city of San Antonio. Within a few short blocks of the hotel, delegates and their families could visit the Alamo, the San Antonio Riverwalk, and numerous shops and markets. The hotel itself, the historic St. Anthony Wyndham, proved to be a fitting venue for Congressional events ranging from legislative sessions to the awards ceremony banquets. The hotel was built in 1909, and its

impressive architecture, large guestrooms, and great amenities combined to make the weekend an enjoyable stay for each delegate.

Although Congressional sessions started on Friday, June 24th, Congress started off with a bang the night before during the national leadership recognition dinner and reception held in the wine cellar of the famous Boudro's Restaurant. The national leadership recognition dinner was created to honor and recognize individuals whose leadership and service contributed to the betterment of Chi Phi.

The majority of the Congressional delegates arrived on the morning of Friday, June 24th for delegate registration followed by a Congressional session and committee meetings. Delegates were able to choose committees based on their interests from a wide selection: the Rules Committee; the Committee on the Unwritten Law; the Credentials Committee; the Finance Committee; the Alumni Development Committee; the Recruitment, Expansion and Growth Committee; the combined Community Service and Congressional Site Selection Committee; and the Risk Management Committee.

A long day of committee meetings and Congressional Sessions was followed by an evening banquet which included the Iota Theta chartering ceremony. Formerly the Schreiner Colony, the Iota Theta Chapter members were presented their charter by Executive Director Michael Azarian. Azarian and others chimed in to offer praises for the Iota Theta Chapter, and all who spoke cited the Chapter's devotion, determination, and hard work.

The second day of Congress, Saturday,

June 25th, was another day packed with Congressional sessions, committee meetings, banquets, and receptions. Early in the afternoon, however, many Congressional delegates boarded buses to attend gravesite memorial services for Brother William M. Byrd. Brother Byrd entered the Chapter Eternal on Monday, April 25, 2005, leaving behind a legacy of immense service to and love of Chi Phi. The large amount of respect and love for Brother Byrd throughout the Chi Phi Fraternity was obvious at the memorial service, where many spoke about how Brother Byrd touched and influenced their lives.

The Congressional banquet and cocktail reception was held on Saturday night and was a definite highlight of the 140th Congress. The Congressional banquet and reception included the presentation of the Fraternity's Distinguished Service Awards, the Walter Leland Cronkite, Jr. Congressional Award, the Thomas A. Gehring Chapter awards, and others. The complete list of award recipients is reproduced at the end of this article.

The 140th Chi Phi Congress was truly a family affair. Thanks to the efforts of Chi Phi's Director of Communications, Kim Godwin, the Chi Phi Congress spouse and guests program was a huge success. This year, the spouses and guests of Chi Phi were offered a wide array of activities to take part in while Congressional sessions and committee meetings were underway. The spouses and guests took a boat ride down the Riverwalk, ate at the Guenther House, shopped at the Mexican Market, and visited the Alamo among other activities. Feedback from all who participated in this program

was excellent, and the pressure is on for Kim to outdo herself next year in Chicago.

The 140th Congress of the Chi Phi Fraternity was truly a memorable experience. Whether touring the Alamo, debating a motion in Congressional session, or watching the city of San Antonio celebrate the Spur's win, the Congressional delegates and their families experienced the best that Chi Phi had to offer. More importantly, however, the Congressional delegates participated in a process that makes Chi Phi such a strong fraternal organization: the direct governance of Chi Phi by its members. This, the ultimate goal of the 140th Congress, was achieved with great success.

Chi Phi Today

Meet the Grand Council and Trustees

Where the Grand Alpha is elected biannually by the Supreme Authority of our Fraternity (Congress), members of the Grand Council officers are appointed by the Grand Alpha to serve two-year terms. Similarly, members of the Board of Trustees of the Chi Phi Educational Trust are appointed to serve five-year terms by the Governors, who are also elected by the Congress.

All Grand Council officers and Trustees serve without compensation.

Two distinct bodies overseeing two distinct entities, the Grand Council and the Board of Trustees, meet quarterly to review the state of the Chi Phi Fraternity and the Chi Phi Educational Trust respectively.

Grand Council of the Chi Phi Fraternity

**Grand Alpha
Richard T. Lane,
Kappa Zeta 1993**

Profession: I am a builder/developer.

Past Chi Phi positions held: I have served as President of the Kappa Zeta Alumni Association, President of the Kappa Zeta Housing Association, Regional Alumni Counselor, and Grand Alpha-Elect.

Where did you grow up? I was born in Lynchburg, Virginia, where I lived for 18 years until leaving for college.

Where did you go to school? I attended Purdue University as an undergraduate where I received a B.A. I also hold an M.B.A. from St. Joseph's University.

Current Residence: I live in Melbourne Beach, Florida.

Family: I've been married for eleven years to my wonderful wife, Molly. We have one daughter, Gretchen.

Hobbies and Interests: I like to golf and fish. I'm also training for the Chicago Marathon. I love watching football and occasionally play a game of pick-up Lacrosse.

Why do you continue to give back to Chi Phi? Chi Phi was the place where I formed friendships that have transcended the years. The men who stood by my side on my wedding day are Chi Phi's. The values of Chi Phi have and will continue to guide me through the rest of my life.

**Grand Beta
Robert K. Walker,
Iota Delta 1970**

Profession: I'm currently the President of Themes Group in Fort Myers, Florida, although I spent 15 years with R.R. Donnelley and Sons Company in various parts of the country.

Past Chi Phi positions held: As an alumnus, I've been Chapter Advisor to Iota Delta Chapter, Grand Zeta, Grand Gamma, Grand Beta, Grand Council officer At-Large, a College of Excellence Faculty member, and a member of the C.O.E. Dean team. I have also enjoyed serving on both the National Director search Committee and the Grand Alpha nominating committee. As an undergraduate, I was my Chapter's Delta.

Where did you grow up? I was born in Indianapolis, but I grew up in Jamestown, Indiana.

Where did you go to school? I'm a proud graduate of Indiana University, where I earned a B.S. in Marketing.

Current residence: I reside in Fort Myers, Florida.

Family: I have a lovely wife, Cindy, and a beautiful daughter, Ashley. Cindy is also a graduate of Indiana University and is a former member of Zeta Tau Alpha's National Council, where she served 10 years as Vice President Alumnae. Our daughter was a founding member of Alpha Delta Pi at Northwestern University where she also served as Vice President Judicial of Panhellenic. She's currently pursuing a Master's degree in Linguistics at Oxford University.

Hobbies and Interests: I enjoy traveling and playing golf.

Why do you continue to give back to Chi Phi: I believe that I get more out of Chi Phi than I could ever give back. I consider it a debt-not a monetary one, per se, but something more. I believe that everyone who has gotten something beneficial out of the Fraternity should repay that debt. My business skills, my interpersonal skills, so much of who I am-I owe these to my experiences in Chi Phi. A great example of this mindset was Brother John Kraft. Everyone at Iota Delta knew John for his service to the Fraternity. He was such an example of that spirit. In some small way, all that I do for Chi Phi I do as an honor to John.

Your most significant Chi Phi accomplishment: I'm extremely proud of my contribution to the Fraternity's establishment of the Walter L. Cronkite Congressional Award.

**Grand Gamma
Dr. Jonathan Y.
Richmond,
Zeta 1962,
Zeta Delta 1962**

Profession: I am a C.E.O. for Jonathan Richmond and Associates, a global biosafety consulting firm.

Past Chi Phi positions held: As an alumnus I've served as Scholastic Counselor, Coordinator of Men's Health Issues, and as a member of the College of Excellence faculty. As an undergraduate, I was my chapter's Scholarship Chair, New Member Educator, and eventually, Alpha.

Other Chi Phi-related roles: I deliver presentations to campuses on HIV/AIDS & STDs.

Where did you grow up? I was born in South Norwalk, Connecticut.

Where did you go to school? I started college at Franklin and Marshall College in Lancaster, Pennsylvania and latter attended the University of Connecticut where I earned a B.S. in Zoology. I was also awarded an M.S. in Genetics at the University of Connecticut and a Ph.D. in Genetics at Hahnemann University (now part of Drexel University). I also completed a post-doctoral research fellowship with the U.S.D.A. in virology.

Current residence: Anne and I now live in Southport, North Carolina.

Family: I'm blessed to have quite the family, including my wife of 39 years (Anne), our four daughters, three sons-in-Law, and three grandchildren (two who are Chi Phi legacies!).

Hobbies and Interests: I also enjoy community theater, gardening, and giving my time to the Boy Scouts of America.

Why do you continue to give back to Chi Phi: I deeply share the core values of Chi Phi-perhaps the primary reason I joined in the first place. I thoroughly enjoy the opportunity of mentoring the fine young men who are equally committed to these values and find the experience stimulating and rewarding.

**Grand Delta
Christopher J.
Shuler, Alpha
Zeta 1984**

Profession: I am President and C.E.O. of Vital Solutions, Inc.

Other Chi Phi Positions: I am President of Alpha Zeta House Association, Inc.

Past Chi Phi positions held: As an alumnus, I've served as Treasurer and President of the Alpha Zeta House Association, Inc.; Chapter Leadership Consultant; Assistant National Director; College of Excellence Faculty Member; Alpha of Congress; Member of the National Director Search Committee; and Archives Coordinator. As an undergraduate, I was Alpha Zeta Chapter's Epsilon, Recruitment Chairman, Zeta, Delta, Beta, and Alpha.

Where did you grow up? I was born in Oneida, New York, although I moved to Georgia in 1976.

Current Residence: I live in Duluth, Georgia.

Where did you go to school: I attended the University of West Georgia and attained a B.S. in Sociology in 1985. I also completed the Management Institute Program at Georgia Tech in 1995.

Family: I have a wife, Laura, and an eight-year-old daughter, Olivia.

Hobbies and Interests: When I'm not working, at home, or doing something for Chi Phi, you can probably find me on the golf course.

Why do you continue to give back to Chi Phi: I'm drawn toward three simple things: values, brotherhood, and leadership.

Any funny stories you want to tell us about? They're too numerous to mention.

**Grand Epsilon
Ronald Coleman,
Alpha Zeta 1983**

Profession: I'm an attorney specializing in litigation defense of motor carriers.

Past Chi Phi Positions held: As an alumnus, I've been the Secretary of Alpha Zeta House Association, Inc., and as an undergraduate, I served as Zeta.

Where did you grow up? I was brought up in Mableton, Georgia. My parents still live there.

Where did you go to school? I attended the University of West Georgia, where I received a B.S. in 1983. I majored in political science and minored in business management. I also attained a J.D. from the University of Georgia School of Law in 1987.

Current Residence: I reside in Sandy Springs, Georgia.

Family: I have a wife Cindy, who is both a C.P.A. and a lawyer. She specializes in credit union auditing.

Favorite hobbies and interests: I'm a film and book buff. My favorite movie is The Last Picture Show, and I'd have to say that the best book I've ever read is Andersonville by McKinley Kantor. I also enjoy running, scuba diving, reading, and traveling.

Why do you continue to give back to Chi Phi? I would say for a couple of different reasons. When I was an undergraduate, Chi Phi gave me a good grounding and some good relationships. I want to provide that for others. I think that it's important to give people the same opportunities and experiences that I had. I'm also involved so that I can have a place where I can have a great connection when I go back to school. Chi Phi keeps me connected to the school and gives me an opportunity to be involved with something that I found valuable when I was in college.

Anything else you want to tell us? Are they printable? (laughs)

**Grand Zeta
James Davis,
Omega 1975**

Profession: I'm a product manager with Aspect Communications.

Past Chi Phi positions held: I've been Dean of C.O.E., Chapter Advisor to Omega Chapter, Governor of the Educational Trust, and Vice President of the Omega Trust Association. As an undergraduate, I was Alpha of Omega Chapter.

Where were you born and raised: I was born in Elizabeth City, North Carolina, but brought up in Virginia Beach, Virginia.

Current Residence: I live in Atlanta, Georgia.

Where did you go to school: I started my education at the University of Virginia where I studied chemical engineering. I ended up studying electrical engineering at Georgia Tech. My career in the Army (as a Vietnam veteran) was in the middle.

Family: I've been married to my wife, Davie, for 27 great years. I have a stepson who is also a Chi Phi (Douglas Bell Jr., Tau 1989) and a future Chi Phi grandson (Douglas Bell, III). Their dad (Douglas Bell, Sr.) is also a Chi Phi.

Hobbies and Interests: I really enjoy giving my time to Chi Phi. I also enjoy fishing and have gotten into woodworking as of late. I'm also a huge Georgia Tech football and basketball fan.

Why do you continue to give back to Chi Phi: I give back for three reasons. One is because I'm repaying what the Fraternity gave to me in my undergraduate years. Second, I hope

my commitment of time and resources encourages younger Chi Phis to do the same when they're alumni. Finally, I believe that being around young people keeps you young and keeps you in touch with what's going on in the world.

Anything else you want to tell us? My dream is to attend Chi Phi's 200th anniversary at the Willard Hotel in Washington with both my son and my grandson attending as Chi Phi Brothers. As far as I'm concerned, my introduction to Chi Phi ranks in the top four most significant experiences in my life. The other three are my service in Vietnam, becoming a scoutmaster, and marrying Davie.

**Grand Eta & Ex-Officio Trustee
George H. G. Hall,
Iota Delta 1966**

Profession: I'm both an attorney and a college professor.

Where did you grow up? I grew up in the Army and lived in the Philippines, Japan, France, and all over the U.S.

Where did you go to school? I hold an undergraduate degree in economics from Indiana University and an M.B.A. from Harvard, where I concentrated in finance. I also earned a J.D. from the University of Florida.

Current Residence: I live in Jacksonville, Florida.

Family: I've been married 25 years to my wife Jo Nell and have two great stepsons. I'm also lucky to have three grandchildren.

Hobbies and Interests: I like making money.

Why do you give back to Chi Phi as an alumnus? I receive far more than I give.

**Grand Theta
Ryan Capen, Epsilon Delta 2005**

Profession: I'm a full-time student.

Past Chi Phi positions held: Before serving as Grand Theta, I was Grand Iota for a year. I've also served as Alpha of Epsilon Delta Chapter.

Where did you grow up? I was born in Chicago but grew up in Oregon.

Where do you go to school? I attend Oregon State University.

What do you study? I'm currently pursuing a degree in Economics and Political Science.

Current Residence: I live in Corvallis, Oregon.

Hobbies and Interests: I'm a big fan of Oregon State Football. Go Beavers!

Why do you contribute on a national level? Chi Phi has impacted me in a way that I never thought possible. The friends I have made and the legacy I have inherited are some of the most valuable things in my life. I can only hope to give back as much as I have been given.

**Grand Iota
Joseph Mancini,
Alpha 2007**

Current Profession: I'm a student at the University of Virginia.

Past Chi Phi positions held: I've been Gamma and Philanthropy Chair.

Where did you grow up? I was born in Herndon, Virginia.

What do you study? I'm studying American

Government, English, and Middle Eastern Studies.

Where do you presently live? I live in Charlottesville, Virginia.

Family: My parents, John and Mary Glenn, still live in Herndon, with my 18-year old brother, Will, and 13-year old sister, Erin. My dad is the president of a D.C. area trade association, and my mom is a former elementary school teacher.

Favorite hobbies and interests: I produce and host a daily sports talk radio show in Charlottesville and coach recreational basketball. I write for the Cavalier Daily and follow American and international politics intensely. I was born and continue to be a Washington Redskins fan, bleeding the burgundy and gold. I have been a Baltimore Orioles fan throughout most of my life, but now I split my allegiances between the Orioles and newly-arrived Washington Nationals. As for college hoops, I will always root for my Virginia Cavaliers.

Why do you give back to Chi Phi on a national level? It was a unique opportunity to learn about and to contribute to an organization that is very important to me on a larger level. I believe that it is extremely important to have undergraduate opinions on the Grand Council. With the national office personnel and current members of the Grand Council, our fraternity stands on the brink of a tremendous national expansion and the improvement of "what we do" on all levels. I'm honored to be a part of that.

**Heritage and
Traditions
Counselor
Rocco Henry
Carnevale, Mu 1980**

Profession: I'm a licensed professional engineer, currently working as a Project Manager/Systems Engineer at the

Princeton University Plasma Physics Laboratory.

Past Chi Phi positions held: I've served as the President of the Mu Alumni Association for almost fifteen years. Before that, I was secretary of the Alumni Association. I've also served as a C.O.E. faculty member and have been on the Dean team since 2002. I have been Alpha of Congress and served on the National Director search committee. As an undergraduate I was Beta, Delta, Recruitment Chairman, and Steward.

Where were you born and raised: I was born in New York City and raised in Lakehurst, New Jersey.

Current Residence: I reside in Dayton, New Jersey.

Where did you go to school: I attended Stevens Institute of Technology in Hoboken, New Jersey. I hold a degree in mechanical engineering.

Hobbies and Interests: I enjoy traveling, reading, photography, and playing (beating) the Executive Director in basketball. I'm also a Giants fan.

Why do you continue to give back to Chi Phi: I really don't see what I do as giving back; I see it as an investment in advancing a highly worthy endeavor and helping the Brothers to develop professionally and socially in a pluralistic society. Fundamentally, we are all links of a chain, and it is our responsibility to maintain the strength and integrity of our Fraternity.

Anything else you want to tell us about? When I started college in the late 1970s, I found a stable and nurturing environment at Chi Phi. It's my hope that this tradition will continue well into the future for the Brothers yet to come.

**Scholarship
Counselor
Steven Hopkins,
Nu 1999**

Past Chi Phi positions held: As an alumnus, I've been a Chapter Advisor, the south-central region's Regional Alumni Counselor, Alpha of Congress, and President of the Nu Alumni Association. As an undergraduate, I served three terms as Alpha of Nu Chapter.

Profession: I'm currently attending law school at Southern Methodist University. I'm also the president of Hopkins Art Designs, a company I founded in 2002.

Where did you grow up? I was born and raised in Fort Worth, Texas.

Where did you go to school? I attended the University of Texas at Austin and received my undergraduate degree in Business Management in 1999. I also minored in Government.

What did you study in school? My undergraduate degree is in Business Management with a minor in Government. I anticipate graduating with a J.D. in 2007.

Where do you presently live? I moved to Dallas in 2004 after living in Austin for ten years.

Family: Both of my parents still live in Fort Worth in the same house in which I grew up.

Favorite Hobbies and Interests: I bleed burnt-orange for the Texas Longhorns. I also follow the T.C.U. Horned Frogs. Last and certainly not least, I am a huge fan of the Dallas Cowboys.

Why do you continue to give back to Chi Phi: The values instilled in me by Chi Phi have guided me every step of my life. I want future generations of young men to be able

to have the same positive Chi Phi experience that I had.

Anything else you want to tell us? Getting to know a man like Bill Byrd and being welcomed as a Brother in every Chi Phi house that I have ever set foot in have been amazing experiences. Through Chi Phi, I see that chivalry is not dead in modern society.

**Executive Director
& Editor of the
Chakett
Michael J. Azarian,
Psi Delta 1997**

Profession: I am Executive Director of the Chi Phi Fraternity.

Past Chi Phi positions held: Since graduating, I have served as a Chapter Leadership Consultant, Director of Expansion, Director of Undergraduate Services, Dean of Logistics for the College of Excellence, and as a Chapter Advisor. While an undergraduate, I was both Delta and Alpha.

Where did you grow up? I was born in Pekin, Illinois, but spent much of my childhood in Cedar Knolls, New Jersey. I moved to Charlotte, North Carolina, during high school, where I stayed until moving to Atlanta.

Where did you go to school? I attended the University of North Carolina-Charlotte, where I was awarded a Bachelor of Science in Criminal Justice.

Current Residence: I live in Dacula, Georgia.

Family: I have a lovely wife of three years, Stephanie; our dog Tito; and our cats, Lilie and Andi.

Favorite hobbies and interests: I like video games, playing hockey, and watching football. I'm also a die-hard Mets fan. I also enjoy following politics.

Why do you continue to give back to Chi Phi: I'm involved because I believe that we all made a lifelong commitment never to leave or withdraw from the Fraternity. My involvement is just another way that I work to keep that commitment. I have also enjoyed the time I've spent with so many Brothers around the country. The memories and friendships have been amazing.

Trustees of the Chi Phi Educational Trust

**Chairman
Dr. James P.
Soderquist,
Alpha 1967**

Profession: I am an Orthodontist.

Past Chi Phi positions held: As an alumnus, I've been Chapter Advisor to Alpha Chapter, House Corporation President, and a College of Excellence Faculty member. While an undergraduate, I was my Chapter's Alpha.

Where did you grow up? I was born in Omer, Michigan, and brought up in Tidewater/Portsmouth, Virginia.

Where did you go to school? I attended the University of Virginia where I earned a B.A. in Biology and the Medical College of Virginia where I became a Doctor of Dental Surgery.

Current Residence: I live in Charlottesville, Virginia.

Family: I have been blessed with a wife who has continually supported and encouraged my involvement with the Fraternity. For those of us who are volunteers, unconditional family support is essential in the quality and length of our involvement.

Favorite hobbies and interests: I am an avid outdoorsman, and I am especially fond of skiing, golf, and fishing. And my favorite team is, of course, the Virginia Cavaliers!

Why do you continue to give back to Chi Phi: The leadership opportunities and lifetime friendships that have been formed through my involvement with Chi Phi have helped to frame a significant portion of my adult life. I want today's young men to have the access and exposure to that same experience. In a world of men behaving badly, Chi Phi continues to provide an opportunity for building better men and better citizens. That mission is worthy of my continued involvement and support.

Anything else you want to tell us: As I travel around the country greeting and meeting other Chi Phi's, I am amazed at the number of lives that have been touched by Brother Carl Gladfelter. I doubt there has ever been a Brother who has been more revered than Carl. He has set the standard for responsible leadership and what it means to be a true gentleman. He is truly one of a kind!

**Vice Chairman
Daniel H. Dozer,
Iota 1965**

Profession: I am the President of Ardmore Management Group, LLC.

Past Chi Phi positions held: Since becoming an alumnus, I've been Treasurer of the Iota Alumni Association and Chapter Advisor to Iota Chapter. While in school, I was Social Chairman, Recruitment Chairman, Beta, and Chairman of our New Member Education committee.

Where did you go to school? I attended The Ohio State University where I studied Marketing and Finance.

Family: I have a lovely wife, Judy.

Where did you grow up? I was raised in Columbus, Ohio, where Judy and I still live today.

Favorite hobbies and interests: I really enjoy hunting and wilderness canoeing. I'm also an Ohio State fan. Go Bucks!

Why do you continue to give back to Chi Phi: I have always felt that I learned more in the Iota Chapter than I ever learned in a classroom. That experience has been tremendously helpful out in the real world. I want to help support what happened to me for the Brothers of the future.

Anything else you want to tell us? I still stay in touch with most of the Brothers who have not yet vanished, and when we get together, it is just like turning back the clock. The only problem is that my brothers seem to be getting older.

**Trustee
Dr. James K.
Baum. Tau 1963**

Profession: I am retired after 35 years of teaching (30 at West Georgia).

Past Chi Phi positions held: I served as Faculty Advisor to Alpha Zeta Chapter from its founding in 1971 until my retirement. I've also served on the National Director search committee and in various other Chi Phi roles.

Where did you grow up? I was born and raised in Camden, New Jersey.

Where did you go to school? I graduated from The University of Alabama with a B.S. and a M.A. I did additional graduate studies at the University of Southern Mississippi and the University of Nebraska. I also hold a Ph.D. from Georgia State University. My fields of study include social sciences and education.

Current Residence: I live in Carrollton, Georgia.

Hobbies and Interests: I have traveled extensively throughout Egypt and Thailand. I am also an avid student of Islam, Judaism, and Buddhism to complement my Christian heritage. I am an avid reader of various cultures and enjoy water color painting. I am also an avid fan of the Crimson Tide football, basketball, gymnastic, and debate programs!

Why do you continue to give back to Chi Phi: I continue my support because I appreciate the history and the friendships that I have established-especially with the Alpha Zeta Chapter. I'm proud of Chi Phi's rich history and accomplishments and of the noble service that many of the brothers have made in a variety of fields. Its an honor to be a part of that.

Anything else you want to tell us? It's always a pleasure to see or hear from former Alpha Zeta brothers who keep contact. I am flattered to be part of their lives. Chi Phi has been a vital part of my life, and I treasure every friendship that I've made through the Brotherhood.

**Trustee
Lawrence E.
Green, Sigma
Delta 1972**

Profession: Professionally, I'm a trade association executive for the California Land Title Association, a trade association for the title industry where I've been working for over 20 years.

Past Chi Phi positions held: Prior to joining the Educational Trust, I hadn't held any positions at the National Fraternity nor at the Trust. I was asked if I would be interested by Brother Dan Dozer from Ohio after we realized we were Chi Phi's while at a business convention in New York. When he asked what Fraternity I was in, it turned out to be quite a surprise.

Where did you grow up: I grew up in Yuba City, California.

Where did you go to school: I attended college at UC Davis, which is about 50 miles from Yuba City. I received a B.A. degree from UC Davis in history and a law degree from UC Davis School of Law.

Current Residence: I currently live in Sacramento, California.

Family: In 2004, I married Donna, and we split our time between Orange County, where she is a flight attendant, and Sacramento.

Hobbies and Interests: Outside of work, I spend time hunting, traveling, and visiting the Napa Valley nearby, along with the rare game of golf. One of my outside interests has been banking, and I have served on the boards of two Southern California banks, an interest that I hope to revisit.

Why do you continue to give back to Chi Phi: My reason for participating in the Chi Phi Educational Trust is to help continue the Chi Phi experience for new Chi Phi members. Although each individual and each chapter is different, Chi Phi provides a common opportunity for lifelong friendships and a foundation for dealing with life after graduation. Each person's path may not be the same after leaving college, but the personal growth that comes from living together as Chi Phi's is hard to match as it stays with us.

Anything else you want to tell us about? Even if the work of the National Fraternity and Educational Trust is serious, what we all remember is the fun we had as shown by the stories we tell. It's those stories that made college memorable.

Iota Zeta 1989**

Profession: I'm an attorney with Drinker, Biddle, and Reath in Washington, D.C. I specialize in employment law.

Past Chi Phi positions held: As an alumnus, I have served as Grand Eta, Alpha of Congress, Treasurer of the National Capital Chi Phi Club, President of the Kappa Delta House Corporation, and Chapter Advisor to Chi Phi's Kappa Delta, Iota Zeta, and Eta Theta Chapters. While in school, I was Epsilon and Social Chairman.

Where did you grow up? I was born in Detroit, but I grew up in Flint, Sault Ste. Marie, and Buffalo, New York.

Where did you go to school? I graduated from the University of Rochester with my undergraduate degree and from the law school at George Washington University with my J.D.

Current Residence: I live in Arlington, Virginia.

Why do you continue to give back to Chi Phi? I enjoy the fellowship and camaraderie with so many Brothers both locally and around the country. I enjoy working with the Brothers of my own chapter and with the undergraduates at Maryland. I have always found that participation yields a far greater return in terms of friendships and fun than whatever effort I have put in.

Anything else you'd like to tell us? I have extremely fond memories of my involvement in Kappa Delta as an undergraduate; in re-establishing the Washington, D.C. Chi Phi Club; in establishing the Iota Zeta Chapter at George Mason University; and in establishing the Eta Theta Chapter at the University of Maryland. My involvement with Chi Phi has been really extensive and really fun.

I also have great memories of the hundreds, if not thousands, of Brothers whom I met during my years as Grand Eta, and I was very gratified to attend the re-chartering of Kappa Delta in Rochester after its recolonization in the mid 1980s. In 1994, I was honored to serve as the Alpha of Congress.

Another major highlight was the opportunity to participate in the memorial service held at Brother Byrd's graveside in San Antonio. We have done many fine things together as Chi Phi Brothers, and none have been finer than this.

**Trustee
Denman K. McNear, Beta 1948**

Profession: I'm retired. I formerly worked as Chairman and C.E.O. of Southern Pacific Transportation Company

Past Chi Phi positions held: I've done a lot of work with the President of M.I.T. to assure that Fraternities remain a respected component of the M.I.T. community. As an undergraduate, I was Beta, Gamma, and Alpha of Beta Chapter.

Where did you grow up? I was born in San Francisco and raised in Petaluma, California.

Where did you go to school and what did you study? I studied Civil Engineering at M.I.T., obtained an M.B.A. at Stanford University, and completed the Advanced Management Program at Harvard University.

Current Residences: I live in East Dennis/Cape Cod, Massachusetts; Northstar/Lake Tahoe; Gibson Island, Maryland; and Kentfield, California.

Family: I have my wonderful wife, Barbara ("Babs") and three sons. I also have two grandchildren.

Hobbies and Interests: I am involved with the American Association of Railroads, the California State Chamber of Commerce, Junior Achievement of the Bay Area, and the Marin Council Boy Scouts of America.

Why do you continue to give back to Chi Phi? It's a lasting association of good and friendly people.

Why did you become a Chi Phi? It was my cousin, Francis B. Kittredge who saw to my becoming a Brother of Chi Phi.

EPSILON DELTA **75TH**
ANNIVERSARY BANQUET

Our Chapter traces its earliest roots to a group of WWI veterans at Oregon State College who organized the Oneonta Club in 1920. The club then became a local fraternity under the name of Tau Delta in 1921. A local church pastor at the time, Reverend EJ

Harper (Pi 1885), became acquainted with some members of Tau Delta.

The members of Tau Delta soon learned to love and respect him, and he, in turn, thought this group had the qualities necessary for a Chapter of Chi Phi. Under his sponsorship, Tau Delta petitioned several years for a charter as a chapter of Chi Phi, and after building a new house, they were finally installed as the Epsilon Delta Chapter on March 17, 1931. Financial problems caused the loss of this house in 1936 because of the Great Depression. However, a dean at Oregon State at the time had a daughter who was in the sorority Kappa Kappa Gamma; she bought it and still lives there to this day.

From then until the middle of WWII, when all our boys went off to war, they lived in rented quarters. In the fall of 1946, there was a reactivation of the group, and to lend stability to this, the Oregon State Chi Phi Association was incorporated in 1947 with George Spaur (1936) and Merritt W. Truax (1933). Under the direction of a committee headed by Elwood McKnight (1933), construction on the current house was started

in 1958, and Chi Phi moved into its new house in 1959.

In 1982, Brother Truax donated the chapter house to the Chi Phi Educational Trust. In October of 1999, a group of local alumni formed a nonprofit corporation and purchased it back from the Trust in order to preserve it for future generations of Chi Phis and to provide capital for renovation work.

This year, the front room was completely remodeled thanks to the alumni. All of the drywall, insulation, and light fixtures were replaced along with new hard wood floors, carpet, and furniture.

Epsilon Delta currently has around 40 active members and has begun an intensive recruiting campaign so to expand its membership. In 2004, Epsilon Delta received the Thomas Ghering Award for Chapter Excellence and hopes to repeat that performance this year.

In 2006, Epsilon Delta will celebrate its 75th anniversary. There will be a banquet on Saturday March, 11th 2006 in Portland,

Oregon, and all alumni and their families are invited to attend. The dress will be formal (suit and tie), and the venue, cost, and time will be decided shortly. All the details concerning the anniversary celebration can be found at www.chiphiosu.com, where there is a link to the 75th-anniversary site. Registration for the event will soon be made available on the website.

We ask that alumni send pictures and stories of their experiences at Oregon State or other Chi Phi memories to Ryan Lowe either through email chiphilowe@yahoo.com or to his home address:

2040 Lexis Lane, Apt. 103
Nampa, ID 83686

To be on campus for 75 years is a feat made possible only by the continuing support of alumni. This banquet will celebrate their efforts and achievements. Thank you to everyone who has helped us reach this milestone.

2005 Sparks Memorial Medal Recipients

Created in 1924 in honor of Edwin Erle Sparks-Alpha-Chi 1884, Iota 1884, president emeritus of Pennsylvania State College (now university), and a truly great Chi Phi—the Sparks Memorial Medal is awarded annually to the man having the highest G.P.A. in each Chapter and Colony.

The Sparks Memorial Medal is Chi Phi’s highest award for individual academic achievement, reserved exclusively for those Brothers who have excelled in their academic rigors. A truly singular honor, the Sparks Memorial Medal, itself, contains many historic symbols.

A bar that bears the faces of the Hobart Order serves as the top anchor. It contains the word “Paideia,” Greek for “learning acquired by education.” A scarlet and blue ribbon, colors identical to those of the Hobart Order, suspends the medal from the bar pin. The medal is an embossed

replica of the old Princeton pin containing the symbolic swords of the Southern Order and the stars of the Princeton Order. At the top and the bottom of the Phi is the name “Sparks Medal.”

The faculties of the various colleges, universities, and institutions of higher learning select the winners based solely on academic performance.

Since only one medal can be awarded to each Chapter and Colony, the task of selecting the recipients can sometimes be quite Herculean.

Job Prospecting through Trade Associations

By Mike Baranowski, Gamma 1976

Recently, I was reading the student newspaper for my alma mater and noticed the multitude of articles and Letters to the Editor complaining about the difficulty that recent graduates were having in finding a job. These distressed graduates were very negative about the minimal contribution the university had offered them to find employment, and they believed that their school had failed them in their job search. Graduates, however, need to take ownership of their career. There are over 200 million jobs in America. I am confident there are numerous opportunities for every optimistic graduate.

A successful job search is based on two things: Focus and Flexibility. New college graduates will send out resumes to the Fortune 500 list of companies and, no doubt, receive 500 rejections. But if graduates have a specific career in mind, then they can target employers in their chosen professions. However, many people are not blessed with such a specific career in mind; they are generalists. For these people, researching careers at the library should be the first step in the job-search process. Successful people remain flexible as to what they will do and where they will go. They are receptive to opportunities that arise. I predict that many graduates will end up in a very different career and location than they had envisioned today.

Many editorials lament that the loyalty between employers and their employees is dead. The average worker will have five different employers during his career. This statistic does not recognize that most of these jobs will be in the same industry. Trade Associations are federations of employers. With a first job in an industry, graduates have begun their affiliation with a federation of employers: the Trade Association. There are fraternal aspects to these Associations

that often replace the fellowship that was part of the "Company Experience" in prior generations. Having as many as five employers during a career, employees may have a lifelong relationship with their Trade Association and its members.

To focus a job search, the first task is to visit the local library and obtain the Encyclopedia of Associations from the reference librarian. There are several volumes to this Encyclopedia, which document all of the Trade and Professional Associations in the United States. Provided below are ten examples of Trade Associations and their web sites that include career and employer contact information. Many sites have job postings for current openings by their members.

National Association of Credit Management

www.nacm.org

American Purchasing Society

www.american-purchasing.com

Institute for Supply Management

www.ism.ws

Magazine Publishers of America

www.magazine.org

American Association of Exporters and

Healthcare Financial Management Association

www.hfma.org

Independent Petroleum Association of America

www.ipaa.org

International Facility Management Association

www.ifma.org

Institute of Real Estate Management

www.irem.org

Napa Valley Grape Growers Association

www.napagrowers.org

By reviewing these web sites, graduates and job seekers will exhibit Flexibility during their job search. Few people graduate from college with specific training as purchasing, credit, supply or facility managers. However, these areas have thousands of job openings each year. Many job openings are continuously posted to these web sites. Most associations provide educational programs for new employees, and the member employers would welcome résumés. During job interviews, job seekers should possess an intimate knowledge of the Employer and the Employer's Trade Association. In doing so, they will already be viewed as part of the industry.

I have been a member of my Trade Association, the Commercial Finance Association ("CFA"), for over twenty years. The CFA represents asset-based lenders and factoring companies in the United States. We are a group of lenders that lend money secured by accounts receivable, inventory, fixed assets, and intangible assets. Normally, our clients are more highly leveraged than those financed by commercial lending divisions of banks. Asset-based lending is a financing alternative used effectively to finance leveraged buyouts, recapitalizations, corporate turn-arounds and restructurings, high growth businesses and bankruptcies. The CFA's website is: www.cfa.com. Our Trade Association does not provide employment services, but the web site includes information about careers in asset-based lending and contact information for the 200 members of the Association.

Good luck in your job search.

2006 Regional Leadership Alliance Announcement

By Brian Tenclinger, Director of Undergraduate Services

Announcing the 2006 Regional Leadership Alliance events!

February 2006 will be a great month for the Chi Phi Fraternity as the National Office and Educational Trust presents six Regional Leadership Alliances (RLA). Each RLA will feature over a dozen seminars facilitated by experienced Chi Phi alumni, staff members, and some of the best interfraternal facilitators around. Each RLA is hosted by a Chapter that will provide a welcoming atmosphere for Brothers and Friends of Chi Phi throughout the weekend. Our 2006 RLA hosts and dates are:

Saturday, February 4, 2006

- Kappa Zeta Chapter at Purdue University
- Epsilon Theta Chapter at East Carolina University

Saturday, February 11, 2006

- Sigma Delta Chapter at University of California-Davis

Saturday, February 18, 2006

- Rho Delta Chapter at Oglethorpe University

Saturday, February 25, 2006

- Alpha Delta Chapter at Penn State University
- Psi Zeta Chapter at University of Texas-Dallas

How much does it cost to attend the RLA?

Chi Phi Fraternity and Educational Trust are pleased to provide the RLA program at minimal costs for Chapters and Colonies. The only costs associated are transportation and personal expenses along the way. Host chapters arrange for housing and provide breakfast and lunch on Saturday.

Who should attend the RLA?

The RLA is open to all Chi Phi members (undergraduates and alumni).

What types of workshop are on the schedule?

- Recruitment and retention
- Chapter officer training
- Alumni and parent relations
- Risk management and reduction
- Personal leadership
- Chapter finances, budgeting, fund raising
- Chapter motivation
- Campus relations
- Philanthropy and community service
- Marketing and advertising

When does the RLA begin and end?

The spring 2006 RLA program begins at 8:30 AM on Saturday and concludes at 6:00 PM. Chi Phi members are encouraged to arrive Friday evening to socialize with Brothers from around the region and to take in the sites of the host campus. There is no programming on Sunday.

Which RLA should our Chapter or Colony attend?

Chapters should attend the RLA closest to their campus.

How do I register for the RLA?

On-line registration will begin in January at the Chi Phi website (www.chiphi.org). Registration is strongly encouraged so our host Chapters can plan appropriately for housing, meals, room reservations, etc.

What kind of feedback did the National Office receive from the 2005 RLA program?

244 Chi Phi's attended the 2005 Regional Leadership Alliances. The feedback we received from each of the events was positive and encouraging. Comments from our members about the RLAs included:

- "The sessions were extremely useful, especially since they called for input from every chapter."
- "I met Brothers from all over the region and have made plans to visit many of their Chapters and Colonies."
- "I learned many resources for improving our chapter's alumni relations."
- "The RLA was informative, educational, and interactive."
- "It was great to spend a weekend with Chi Phi Brothers across the region who share the same desire to make our chapters the best on our campuses."
- "Our entire Chapter needs to attend an RLA. The information we learned in one day will help our chapter for an entire year!"

A Brother for Life

Today, when the word “Fraternity” is brought up, many people tend to think of the movie Animal House and of hazing and bizarre drinking rituals. Too often, those who do not participate in Greek Life really have no idea of the lasting relationships brotherhood builds and of the bonds that will last a lifetime. On September 17 of this year, several Zeta Delta alumni from the University of Connecticut were involved in a golf tournament-fundraiser in Hartford to assist a fellow brother, Drew Nicholas, who is a great friend as well as a teacher in Wethersfield, Connecticut.

Drew has battled Cystic Fibrosis throughout his life. It is a disease that, among other things, slowly destroys the lungs. Drew finally reached the point where his lungs were not functioning at a level that could keep him alive, so he underwent a double lung transplant. A week later, however, doctors discovered a blood clot in his heart and immediately sent him in to reparative surgery.

Although he is now living at home, he has to work through months of rehabilitation before he will have the strength and energy to return to teaching. He is also taking 15 medications daily and will need to continue this dosage for years to come. Even though Cystic Fibrosis is a disease that affects the lungs-and Drew’s original lungs are gone-his Cystic Fibrosis is not cured. It has the potential to come back during the next 10-15 years.

The golf tournament was co-chaired by Brothers Marty Burns, Chris Greene, Chris Markelon, Scott Lima, Dan Hillard, and one of Drew’s closest friends in Chi

Phi, Joel Greene. For this event, roughly 50 brothers made it to Hartford; 10-15 more called, saying they could not attend but would send money; and some additional 80 friends and family participated

in the tournament, raffle, and silent auction. The event was a success-despite receiving two inches of rain. We hugged, ate Drew’s birthday cake, and shed tears, but our laughter far out-weighed our dampened moods.

In all, we raised more than \$27,000, but the tournament provided more than just help for a Brother during his time of need. Instead, it brought a chapter together to remind us that brotherhood is so much more than drinking beer and skipping classes-it’s doing what is right for a friend and remembering that even without a house we are still a fraternity.

Drew Nicholas, Zeta Delta 1988, with wife Amy recovering from surgery

"A Greater Chi Phi Shall be

This last line from the Creed of the Chi Phi Fraternity was my personal mantra during the three-week expansion in Gainesville, Florida, for the restart of the Theta Delta Chapter. If it were not for these eight words, I may have lost focus, buckled under pressure, or just given up completely. I say this because I was truly going in with no idea of the amount of work or of the long hours it was going to take to make this expansion successful.

Potential Members spreading mulch at Community Service Recruitment Event

When people heard that my first assignment was to spend three weeks in sunny Florida, I received crooked looks and sighs of jealousy, and to tell everyone the truth, I was smiling on the inside. I mean: How tough could it be to recruit people for a few hours a day and then lounge by the pool for the rest of the afternoon? I was on cloud nine until I received a binder full of events to be planned, documents that needed editing, folders that needed assembly, and a list of meetings that filled two pages. Needless to say, the only sun I realized I would be enjoying would be from standing behind a recruitment table or through the window of our rent-a-car! "A Greater Chi Phi Shall be My Reward..."

With the sticker shock wearing off, it was time to buckle down and get this new Theta Delta Chapter started. To put this task in perspective, our expansion plan dwarfed a normal chapter rush schedule. I would also have to say it surpassed a typical sorority recruitment schedule because ours

was stretched out over three weeks. During the first week, we played "good will" ambassadors by hosting dinners and lunches for the University of Florida I.F.C and Theta Delta Alumni. Also, Brian Tenclinger, Director of Undergraduate Services, and I spent time announcing our arrival to what seemed like hundreds of UF sororities. (Hey, cut me some slack; I come from a small school!) Besides attending dinners and lunches, I spent most of the first week standing in Turlington Plaza handing out flyers and meeting between fifty and a hundred people each afternoon. After our first day, however, Brian and I were exhausted, so we headed back to our hotel for some much needed relaxation. But boy, were we mistaken: He and I spent hours coming up with plans for the next day, mapping the participation of all the men with whom we had been in contact, and making sure all of their questions were answered.

"A GREATER CHI PHI SHALL BE MY REWARD"

Next came the fun part of the trip. With our list of core members growing, it was time for everyone's favorite Delta Zeta to get involved. (By the way, that's Kim Godwin, Director of Communications, for those of you who don't know her.) Kim and I spent our days in Turlington Plaza just as Brian and I had, but instead of the planning, Kim and I executed a simulated recruitment week for the men of The University of Florida. Our purpose was two

My Reward...."

fold: First, we wanted to sell the idea of a fraternity to the undergraduates; secondly, we hoped to model a proper and effective recruitment week for them. Over the course of the second week, we scheduled a different event every evening: a meeting with alumni before the Tennessee-Florida football game, a dry meet-and-greet at a local establishment, a community-service session, an educational forum, and an athletic contest.

Looking back over recruitment, I am most proud of our community-service venture. It was amazing to watch a group of 25 strangers bond closely—even as they spread mulch over a three-block radius! This service project, I feel, ultimately taught the men a twofold lesson: the need for giving back to the community as well as the value of making a difference by banding together. Moreover, their hard work furthered the cause for values-based recruitment. In fact, I believe that if our Chi Phi members continually recruit men with like minds and values, we would not be facing some of the challenges we are encountering today. Community service is the one activity that I think all Chapters should include in their recruitment calendars. Remember: "A Greater Chi Phi Will be Your Reward"

My final week in Gainesville was more of the nuts and bolts of the trip. With all the publicity and recruitment completed, it was now time to pin these men as New Members of the Chi Phi Fraternity. During

the Pinning Ceremony, Executive Director Michael Azarian filled the shoes of Alpha, while I played the Beta. The two of us stood before 40 men and delivered the ceremony. For anyone who has participated in the Pledge Ceremony, you know what it feels like: Imagine looking proudly over a crowd of 40 men whom you helped become Chi Phi's, as well as over their families and friends. At that moment, I realized that I had made a difference in the lives of these men. Watching their actions during the ceremony told me that they would all be dedicated to reestablishing the good name of Chi Phi back to the University of Florida.

I spent my last three days going over Chi Phi policy, meeting with the newly-elected officers, and answering all kinds of questions from the newly-pinned Chi Phi members. The last week took a totally different tone than the first two, however. For the first time, I explained carefully how to manage the business affairs of a fraternity to our new members, a concept which they learned quite well!

Indeed, I am proud to know that I had a positive influence on our newly re-established Theta Delta Chapter at the University of Florida. It gives me great pride to know that Brother Rich Kuerston, Director of Membership Development, initiated 44 men on November 12, 2005. Welcome to the family!

National Capital Chi Phi Club: Annual Baltimore Orioles Game Outing

On Saturday June 18, members of the National Capital Chi Phi Club and their guests made their annual trek to Baltimore for an Oriole's game at Camden Yards. The traditional pre-game warm-up was held at the Capitol City Brewing Company, overlooking the picturesque inner harbor. For the third year in a row, the Gamma Theta Chapter Alumni Association joined the National Capital Chi Phi Club for a great day of socializing and baseball.

This year, the two alumni groups were joined by several Brothers from the Baltimore area, including Brother Corey LaPrade (Alpha Delta 2001) and his wife. With the encouragement of the National Capital Chi Phi Club, Brother LaPrade is working to start a Baltimore Chi Phi Club. Highlights of the game for Chi Phi included seeing the Fraternity name on the score-

board and witnessing Brother LaPrade's stellar catch of a foul ball hit into the Chi Phi section—certainly an auspicious start for the Baltimore Club!

Each year, this Club event also serves as one of the Gamma Theta Alumni Association's three "official" meeting dates. Because most of the Gamma Theta Association members reside in the

Pittsburgh and Philadelphia areas, many can make the trip in less than three hours. The Gamma Theta's make it a weekend event by staying with one of the Gamma Theta alumni who live in the Baltimore area. This year, Matt Banks (2003) and his wife, Amy, graciously welcomed the alumni to their new townhouse in Frederick, Maryland. The other Gamma Theta members in attendance for the event were: Sam Kupchella (2003), Doug Sell (2000), Brent Suereth (2001), Alex Berol (2005), Chris Smith (2004), Jerry Sheehan (2007), and current Chapter president Robert Marshall (2007). The weekend also allowed the Gamma Theta's to give a proper send off to Brother Sheehan, who was slated to leave for a one-year military assignment in Iraq the following week. After the game on Saturday night, a group of alumni headed to the Federal Hill neighborhood for a night out on the town. As always, the events of the evening made for some great stories the following day!

The Gamma Theta's and the National Capital Chi Phi Club members are already looking forward to next year's event when they hope to be joined by Brothers of the Baltimore Chi Phi Club! The National Capital Chi Phi Club is also planning an outing to a National's game later in the summer. The Club can be contacted via its website which is linked to the alumni page of the National Chi Phi website. For anyone interested in helping found the Baltimore Club, Brother LaPrade can be reached at coreylaprade@yahoo.com.
